TREASURY - District Treasury - Double lock Room - Storage of valuables
Almyrahs - Manufacturing of - locally - Permission requested,

Read: B.P. Rt. No. 4238 dt. 29-7-1949 and B.P. Mis. No. 30 dt. 7-1-49. -

The Board in its proceedings cited has sanctioned the purchase of three almyrahs with galvanised sheets on the inside at a cost of Rs. 1500/- for stocking postal stamps. The officer in charge, Karnataka Polytechnic, Mangalore, who was requested to manufacture and supply the almyrahs, reports that on account of heavy orders on hand, ~~supply the almy~~ it is not possible for him to under take the work before January 1950.

2. There are 61 cases ~~in~~ ~~under~~ still left unopened in the strong room for want of receptacles. Since the almyrahs are not of the standardised class, I request sanction of the Board for the manufacture of almyrahs by a local firm. Messrs. Sequira Brothers, a local firm of furniture builders are prepared to execute the work.

I invite attention to this office reference cited second above. Since then 15 stamp cases have been received and more are expected in the near future. For want of space in the strong room, these cases have been kept in the open verandah. Even in respect of the cases in the strong room, their contents have to be transferred to proper receptacles as white ants spring up and eat the cases. I therefore request the Secretary to obtain early orders of the Board for the manufacture of the almyrahs locally.

Treasury (S. Kanara) District Treasury - Double lock room - stocking of postal stationery - purchase of almyrahs from a local firm - permission Collector's request.

Read: From the Collr of S. Kanara 1453-49. Accts. G.1. dt. 22-8-49 and 25-10-49

In his letter first cited, the Collector reported that the Officer in charge Karnataka Polytechnic, Mangalore who was requested to manufacture and supply almyrash stated that it was not possible for him to undertake the work before January 1950. The Board observes that the year 1950 is only two months off and that it is not stated in the Collector's letter as to when M/s Sequiera Brothers who are prepared to execute the work, promise to deliver the almyrahs. The Board does not understand what the Collector means by 'a local firm'. Karnataka Polytechnic and Sequiera Brothers both appear to be local firms. As the total cost of the three almyrash required amounts to Rs. 1500/- with reference to item 23, Chapter VII of M.F.C. Vol. II, the Government have to be addressed through the Inspector General of Prisons for the local purchase of the furniture. The Collector is therefore requested to submit at a very early date a clear report for submission to the Government for sanction.

2. In his letter second cited the Collector states that the fifteen cases subsequently received have been kept for want of space in the strong room in the open verandah. The attention of the Collector is invited to the instruction 16 under T.R. 11 M.T.C. Vol. I according to which every place in which any stamps are stored should always be kept properly dry. The Collector is requested to see that the cases both in the strong room and in the verandah are properly secured against any damage likely to be

caused to them by allowing them to remain in a place not kept properly dry. The reference should be treated as urgent and a report should be submitted to the Board at an early date.

Treasury - South Kanara - Dt. Treasury - Double lock room - stocking of postal stationery - purchase of almyrahs from a local firm - permission.

Ref:Board's Ref.C.No.7465/49-1 dt.10-11-49.

...

Messrs.Sequiera Brothers, Mangalore have undertaken to manufacture and deliver the three almyrahs in a fortnight's time from the date of receipt of orders from this office.

2. Karnataka Polytechnic is not a firm but a Government Institution under the Director of Industries, Madras whose aim is entirely different from that of M/s Sequeira Brothers doing furniture business in Mangalore.

3. Although January 1950 is not far off, it cannot be said how long the Karnataka Polytechnic may take to deliver the Almyrahs. They have stated that on account of heavy orders on hand they are not in a position to accept further orders at present. The manufacture of the three Almyrahs depend on the execution of the orders already on hand by that Institution. I therefore request the Board to obtain early orders of the Government for the manufacture of the almyrahs by a private firm i.e. M/s Sequeira Bros. as the state of the strong room does not permit the safe custody of the unopened stamp cases for a long time.

4. The fifteen cases referred to in para 2 of the Bd's ref.cited, have since been opened and their contents stalked on the tops of almyrahs in the strong room. The unopened stamp boxes in the strong room are on perfectly dry ground. Even tops of almyrahs are not available to keep the contents if the boxes are opened. White ants are seen on the verandahs near the strong room and occasionally in the strong room also. I am therefore afraid to keep them as at present for any length of time for fear of the risk involved. Immediate action orders may therefore be obtained and sent. If any delay is anticipated I request permission to purchase them in anticipation of sanction.

Sub:- Treasury - (South Kanara) District Treasury - Double lock room - stocking of postal stationery - purchase furniture - sanctioning of.

I solicit a reference to letter No.C.7465/49-2 dated 3-12-1949 from the Board of Revenue, Madras, addressed to Government and copy to this office. The Superintendent, Central Jail, Cannanore states that in view of the high cost quoted by the private firm at Mangalore, and in view of the urgent necessity, he is arranging to take up the work of three almirahs of 6½' x 3¾' x 18" with galvanised iron sheets inside forthwith(vide copy of letter enclosed). The Board of Revenue Madras, may be asked to place their orders with the Superintendent, Central Jail, Cannanore for the supply of furniture immediately.

Furniture - supply of almyrahs to the Dt.Treasury South Kanara.

There is no stock of almyrah on hand. The size of the almyrah required is not noted in their letter. It is presumed one of the standard designs is required.

We have heavy orders for the whole year. However, in view of the high cost quoted by the private firm for the almyrah at Mangalore, and in view of the urgency, I am arranging to take up the work of the three almyrahs of 6 $\frac{1}{2}$ ' x 3 $\frac{3}{4}$ ' x 18" with galvanised iron sheets inside forthwith. I expect one almyrah to be ready in 20 days and the rest could be sent by the end of February as we have to cater to other urgent orders also.

The cost of each almyrah (teakwood) will be Rs.205-0-0 and packing and forwarding charges and the Railway freight will approximately be Rs. 25/- and Rs. 50/- respectively.
